Internships

Geekster | | Geekster Full Stack Web Development Bootcamp (Sept 2023 - present)

- Solved **450+** DSA/Coding questions on geekster platform
- Solved **110+** DSA/Coding questions on **Leetcode** platform
- Participated in various Coding **Contests** organised by the platform.
- Technical Stack Learned : **Figma, HTML, CSS, SQL, and Java**

Certifications

- Coursera : Fundamental Programming language C.
- Great Learning : OOPs in Java.
- Udemy : The Complete SQL Bootcamp 2022: Go from Zero to Hero
- Udemy : Learn Java Programming - Beginner to Master

Projects

Retail Clothing Website

- The Website shows the product which shop owners sell in their shop. The website has multiple categories like Men, kids and Women.
- Tech Stack: **HTML and CSS**

Online Railway Reservation Project Technology

- The Railway Reservation System facilitates the passengers to enquire about the trains available on the basis of source and destination, Booking and Cancellation of tickets, enquire about the status of the booked ticket, etc.
- Tech Stack: **C, HTML, CSS**

Netflix Homepage Prototype [[Link](#)]

- Created a high-fidelity prototype of the Netflix homepage using **Figma**.
- Implemented UI.UX principles to enhance user interaction and experience.
- Utilised Figma's features rapid prototyping, ensuring pixel-perfect design and responsiveness.

Skills

- **Computer Language** : Java, SQL,HTML,CSS
- **Additional Courses** : Data Structure and Algorithms, OOPs , FIGMA
- **Tools & Technologies** : GIT, VS code, IntelliJ

Education

Year	Degree/Examination	Institution/ Board	CGPA/Percentage
2022	B. Tech	B.E.	7.20
2018	12th	MP Board	60.2%
2016	10th	CBSE	9.2 CGPA

Achievements and Co-Curricular Activities

- Secured 1st rank in Geekster's coding challenge Nov 2023
- Top performers among 80 students in Geekster Batch.
- Event Coordinator at . It was a tech event organised by Dr A.P.J. Abdul Kalam University, Indore.
